

Prevent

To avoid the generation of waste

Reduce

Conserve our precious resources

Yes and we can bring our own containers & bottles.

Look, it's actually cheaper if we buy in bulk & we reduce our waste.

Some are recycled but a lot goes to landfill. I think our old one is fine for now.

Why do we need a new TV? What happens to the old ones?

We must remember our reusable bags.

Yes, every little bit helps.

Minimise Your Waste: Avoid excess packaging and reduce our demand for new resources.
