4. Well done! You picked up an aluminium drink can & put it in the yellow recycling bin. Move forward 3 spaces.

5

6. Oh dear, a lizard has become stuck in a drink can that wasn't put in the right bin - it could die! Move back 3 spaces.

7

8. Thanks for caring! You picked up litter and placed it in the correct bin. Move forward 3 spaces.

9

10. You watched your dog and used a doggy poo bag. Move forward 2 spaces.

11

12

13

14. You kept your dog on a leash as required by the Council in this area. Move forward 2 spaces.

15

16

17

18. You had a picnic lunch and left all your rubbish on the ground. Move back 2 spaces.

19

20. You logged an oblong turtle sighting on the ClimateWatch website. Move forward 2 spaces.

21

22.

23. You chased and handled a frog. This could damage its delicate skin and cause stress. Move back 2 spaces.

24

25. Congratulations! You planted tree seedlings around the lake. Move forward 4 spaces.

26

27

28. "Feed a bird, how absurd!" We should let birds feed themselves. Our food makes birds sick and pollutes their homes. Move back 2 spaces.

29

30. Oh no, an oblong turtle has been injured by getting entangled in discarded fishing line. Move back 1 space.

31

32. You walked past a plastic water bottle on the track and kicked it into the bush instead of picking it up. Move back 1 space.

33

34

35. Shhhh ... you visited the bird hide and quietly watched and listened to the birds. Move forward 2 spaces.

36

37

38. Snake wise! You saw a snake and stopped and stood still while it slithered away. Move forward 2 spaces.

39

40

41. You see an adult 'butting out' and they put their cigarette in the right bin. You know that cigarette butts cause environmental pollution. Move forward 2 spaces.

42

43

44. You were thoughtful and took your picnic food scraps home for your worm farm or compost bin. Move forward 2 spaces.

45

46

47. You logged a dolphin sighting on the Dolphin Watch River Guardians website. Move forward 2 spaces.
